Certificate programs offer students an added educational dimension that can make them more marketable to employers and more confident in their abilities to work in their chosen field post-graduation.

If you have a passion for working overseas, for serving youth in a Christian setting, for teaching English to immigrants or in other countries, for playing or singing in a worship band, or for simply expanding your knowledge of the Christian faith, there is a Certificate Program at Crandall that will move you toward your goals.

**Crandall University is pleased to offer the following Certificate Programs:**

### **Christian Foundations**

#### **Interested in learning more about the Christian faith?**

Christian Foundations is a one year program, providing an introduction to basic Christian studies. This program may serve as the first year toward a bachelor degree at Crandall.

### **Cross-Cultural**

#### **Do you want to make a difference on a global level?**

The Cross-Cultural program provides knowledge & understanding of diverse cultures and peoples, overseas missions & development, as well as language-learning skills. Culminating in a short-term trip overseas; students will gain a first-hand, cross-cultural experience in a continent such as Africa or South America. This certificate is usually taken concurrently with a Bachelor's degree.

### **TESL- Teaching English as a Second Language**

#### **Would you like to see the world?**

Teaching English as a second language is becoming a popular career both in Canada and abroad, and the demand for high quality, trained ESL instructors continues to grow. Crandall's TESL Certificate Program is designed to train future ESL teachers to meet these challenges by introducing the theory, methodology, and practical skills they will need in the ESL classroom.
